## Revolutionizing Mobility & Creativity

“Redefining the way we Interact with Technology *On The Move*”

This fall, we are thrilled to unveil our latest addition to the Tech Queen On The Move Collection. This groundbreaking collection is helping women be proactive on-the-go while still being stylish and comfortable. Founder Courtney Woods says, “We’re redefining the way we interact with technology on the move.” Collection items include the Tech Queen Roller Bag with Detachable Phone Mount for hands-free content creation, virtual meetings, and capturing moments on-the-go! The newest addition to compliment The Tech Queen On The Move Collection is their Universal Smart Pen with built-in camera remote.

Users can effortlessly capture it all on the move! Ideal for students, professionals, travelers, and creatives, redefining the way they work, travel, and create. The Tech Queen Shop is committed to creating innovative solutions that empower individuals to thrive in a fast-paced, tech-driven world.
